DATABASE WORKS

Case No	Summary	Fix Type	Build
Administrator > User			
CAS-23045-OQWF	Removed "SingleSignOn" field from User Form	EXE Only	RWW 2018.001.115
Home > Contract			
CAS-23091-TEHC	Added API browse methods to respond with the Summary and Detail datasets of Contract Items.	EXE Only	RWW 2018.001.115
Home > Order			
CAS-23479-GTKH	Fixed issue with "All" browse menu filter not appearing on Order browse	EXE Only	RWW 2018.001.116
CAS-23485-XJJR	Clicking the "Open Worksheet" button in the Sub Worksheet module caused the form's "data-modified" attribute to change to "true", so I changed it back to "false" after "Open Worksheet" is invoked to prevent the save dialog from appearing.	EXE Only	RWW 2018.001.116
CAS-23533-AOLJ	Defaults "Copy To" radio button to "Order" when accessed from the Order module	EXE Only	RWW 2018.001.116
CAS-23538-KXLP	Rec Type is now updating upon purchase order creation from sub worksheet	EXE Only	RWW 2018.001.118
Home > Order > Inventory Search (QuikEntry)			
CAS-23051-ROOG	Gaps have been decreased in all areas of the Search Interface, allowing more data to be displayed at once.	EXE Only	RWW 2018.001.115
CAS-23052-WPAX	Revamped the Inventory section of the Search Interface to be more columnar	EXE Only	RWW 2018.001.115
CAS-23053-QJHP	When expanding the Accessory section of a Complete/Kit, other currently expanded Accessory sections will be closed.	EXE Only	RWW 2018.001.115
CAS-23238-MXPR	Removed the "Accessories" hyperlink from the Search Interface Inventory. Users can now click anywhere on the record to open the Accessories list. Clicking on the image's thumbnail and the increment/decrement buttons will not propagate the event.	EXE Only	RWW 2018.001.115
CAS-23381-RHPW	Refactored the Search Interface module, moved most CSS to rentalworks.css, and added comments	EXE Only	RWW 2018.001.116
CAS-23454-MQCG	Moved the "Disable Accessory Refresh" checkbox option into a new "Options" button in the Search Interface.	EXE Only	RWW 2018.001.116
CAS-23455-AWFH	Moved the "Add to xxxxx" button to the top of the Search Interface	EXE Only	RWW 2018.001.116
CAS-23456-ZTAE	Hides columns in the Search Interface Inventory section when invoked from Purchase Order and Template modules.	EXE Only	RWW 2018.001.116
CAS-23531-HVLO	Removed the "Please Wait" overlay from Search Interface's quantity increment/decrement buttons	EXE Only	RWW 2018.001.116
CAS-23555-CBYO	Added back the "Please Wait" overlay when incrementing quantities in the Search Interface.	EXE Only	RWW 2018.001.116
Home > Order Status			
CAS-23397-VAUW	Updated Order Status grids to display gradient backgrounds	EXE Only	RWW 2018.001.116

Case No	Summary	Fix Type	Build
Home > Project			
CAS-23236-POQM	Tied Project Contact grid to it's proper endpoint.	EXE Only	RWW 2018.001.115
Home > Quote			
CAS-23047-YDFT	Removed "delete" options on Quote/Order, add "cancel" options	EXE Only	RWW 2018.001.115
CAS-23056-UWZV	Activity checkboxes in the Quote, Order, and Template forms now show/hide tabs when toggled.	EXE Only	RWW 2018.001.115
CAS-23062-SRVS	Market Type, Market Segment, and Job are all be optional fields	EXE Only	RWW 2018.001.115
CAS-23086-LTJC	Tab show/hide functionality will be disabled if the order type's combineactivitytab property is set to true.	EXE Only	RWW 2018.001.115
CAS-23144-QLID	D/W only shown when rate is daily	EXE Only	RWW 2018.001.115
CAS-23145-SKEZ	Time input fields are now set to a fixed width	EXE Only	RWW 2018.001.115
CAS-23210-BFHY	Updated bottom-line total behavior to reset value submitted on other period types.	EXE Only	RWW 2018.001.115
CAS-23214-WAFU	Tab/Captions changed	EXE Only	RWW 2018.001.115
Home > Rental Inventory			
CAS-23181-HFCL	Replaces existing ComboBox Rank field with a Validation, using new "Rank" endpoint to populate the data for the validation (RentalInventoryForm, SalesInventoryForm, and PartsInventoryForm)	EXE Only	RWW 2018.001.115
CAS-23462-USTV	In Rental and Sales Inventory, when the Classification is "Misc", the Tracked By value is forced to "Quantity". The Tracked By field is disabled to prevent user from changing the value. When the Classification is "Complete" or "Kit", the Tracked By field is hidden.	EXE Only	RWW 2018.001.116
CAS-23566-CXUV	Set the page size to max on the Container Item grid	EXE Only	RWW 2018.001.117
Home > Repair Order			
CAS-23064-OIYI	Changes default Warehouse filter to User's Warehouse in Repair	EXE Only	RWW 2018.001.115
CAS-23067-FPOE	layout changed for "Billed Order and Invoice section" in repair	EXE Only	RWW 2018.001.115
Home > Staging / Check-Out			
CAS-23461-FDLF	Adds a number of new features to the Staging / Check-Out module including ability to create a partial checkout contract.	EXE Only	RWW 2018.001.116
CAS-23537-TQUU	Arrow buttons in the Create partial contact process in Staging are adjusted on the page	EXE Only	RWW 2018.001.116
RentalWorksWeb			
CAS-23094-BMLB	Close now renders over the title bar of validation peeks	EXE Only	RWW 2018.001.115
CAS-23137-SYNC	Removde the Rate Type field from LaborPositionForm and FacilityRateForm	EXE Only	RWW 2018.001.115

Case No	Summary	Fix Type	Build
CAS-23147-CEOG	Tab color stays red until all required fields are filled in on tab page	EXE Only	RWW 2018.001.115
CAS-23213-IBRM	PO Approver form starts with all limit fields disabled unless limit is checked.	EXE Only	RWW 2018.001.115
CAS-23215-QZQX	Template order item grids removed, reverted to original order item grid	EXE Only	RWW 2018.001.115
CAS-23239-WKXO	Disabled cells that have cell gradient colors now have black text for better visibility	EXE Only	RWW 2018.001.115
CAS-23280-YVJW	Returns focus to the field after a user opens the datepicker and chooses a date	EXE Only	RWW 2018.001.115
CAS-23527-DOYE	Fixed issue with cellcolors overlapping with "Please Wait" overlay in grids with increment buttons	EXE Only	RWW 2018.001.116
CAS-23544-WKPN	Browser title resets to RentalWorks when revisiting homepage.	EXE Only	RWW 2018.001.118
Reports			
CAS-23431-BLBU	When selecting a Deal, need to send the selected CustomerId to the Validation to filter the Deal records for the user. Agent Billing, Sales Representative Billing, and Project Manager Billing	EXE Only	RWW 2018.001.116
CAS-23562-ZZXK	Remove the static empty "Export" tab from all report front-ends.	EXE Only	RWW 2018.001.117
Reports > Accounting Reports > A/R Aging Report			
CAS-23550-ZDZQ	Updated header text and styling	EXE Only	RWW 2018.001.116
Reports > Accounting Reports > G/L Distribution Report			
CAS-23551-DUIC	Updated Header text and styling in the G/L Distribution Report	EXE Only	RWW 2018.001.116
Reports > Billing Reports > Agent Billing Report			
CAS-23561-JBRJ	The "Include No Charge Invoices" field is included in the report request.	EXE Only	RWW 2018.001.117
Reports > Billing Reports > Billing Progress Report			
CAS-23552-FFPR	Updated Billing Progress Report front-end to uncheck "Closed" by default	EXE Only	RWW 2018.001.116
CAS-23553-UMBE	Updated header text and styling in Billing Progress Report	EXE Only	RWW 2018.001.116
Reports > Billing Reports > Invoice Summary Report			
CAS-23554-OAEZ	Updated Invoice Summary Report front-end to default all options as checked, except for "Void".	EXE Only	RWW 2018.001.116
Reports > Contract Reports > Out Contract			
CAS-23560-KCZG	Adds a pre-validation filter to the Out Contract Report field ContractType	EXE Only	RWW 2018.001.117
Reports > Order Reports > Late Returns / Due Back Report			
CAS-23556-VSQH	Modifications made to Late Return/Due Back Report	EXE Only	RWW 2018.001.118

Case No	Summary	Fix Type	Build
<u>Settings</u>			
CAS-23168-GGOT	Highlighting captions only instead of entire input field	EXE Only	RWW 2018.001.115
CAS-23243-TBVC	Created new popouttab function in master code base of fw	EXE Only	RWW 2018.001.115
CAS-23244-MVEZ	Checkboxes are now highlighted properly	EXE Only	RWW 2018.001.115
CAS-23245-YDEB	Previously searched items collapse and are highlighted with new search criteria	EXE Only	RWW 2018.001.115
CAS-23430-ASDB	All multi-word captions are separated with a space between words	EXE Only	RWW 2018.001.116
<u>Settings > Sounds</u>			
CAS-23428-ZUJD	Sound Form fields are enabled in "Settings" and when the module is opened	EXE Only	RWW 2018.001.116
<u>Settings > Template</u>			
CAS-23148-GUDR	Template grid fixes, created new template grid browse	EXE Only	RWW 2018.001.115
CAS-23241-SLON	Adjustments made to order item grid for specific functionality on quote/order and template modules	EXE Only	RWW 2018.001.115
CAS-23282-BDEQ	OrderItemGrid logic reversed on Template. Future updates to OrderItemGrid must have template class in order to render on template module.	EXE Only	RWW 2018.001.115

Case No	Summary	Fix Type	Build
Administrator > Control			
CAS-23546-XYPJ	Adds a new tab for "Defaults" on the Control Form with respective fields	EXE Only	RWW 2018.001.117
Administrator > Custom Fields			
CAS-23392-FUVU	Custom field columns now correctly account for data types including booleans	EXE Only	RWW 2018.001.116
Administrator > Settings Page			
CAS-22887-JRUE	modifications made, header data now saves and field captions are correct	EXE Only	RWW 2018.001.115
CAS-22963-NXPV	Data now loads using function callback	EXE Only	RWW 2018.001.115
CAS-23095-ODAS	Name changed to just Settings and icon added	EXE Only	RWW 2018.001.115
CAS-23096-KUCF	Added a pop-out option, will look into opening a new tab next	EXE Only	RWW 2018.001.115
CAS-23097-OMRF	checkboxes rendering on settings	EXE Only	RWW 2018.001.115
Home > Assets			
CAS-23473-DYDQ	Adds a Purchase tab to Asset form	EXE Only	RWW 2018.001.117
CAS-23569-RPIE	Added a dynamic "Container" tab in the Asset form.	EXE Only	RWW 2018.001.117
Home > Assign Bar Codes			
CAS-23486-LBJV	Added an "Assign Bar Codes" button to the Assign Bar Codes form.	EXE Only	RWW 2018.001.116
Home > Check-In			
CAS-23418-LCEU	Added additional tabs, grids and functionality to the CheckIn module	EXE Only	RWW 2018.001.116
CAS-23457-SMFS	Order Number and Order Description no longer update when a swap is being made. A legend has been added to the grid for "Swapped Items"	EXE Only	RWW 2018.001.116
CAS-23489-SKCV	Added a new "Quantity Item" tab and grid to the Check-In form	EXE Only	RWW 2018.001.116
Home > Contact			
CAS-23072-GHHS	Adds Contact Personal Event grid to system and Contact Profile tab	EXE Only	RWW 2018.001.115
Home > Container			
CAS-23570-CPBR	Added Container browse to the main hamburger menu.	EXE Only	RWW 2018.001.117
Home > Contract			
CAS-23182-WNQQ	Added Summary and Details grids to the Contract module	EXE Only	RWW 2018.001.115

Case No	Summary	Fix Type	Build
Home > Customer			
CAS-23529-IMHX	Delayed loading of grids on Customer and Deal forms. This will be until a solution can be added to the framework.	EXE Only	RWW 2018.001.118
CAS-23547-PLKB	Defaults Office Location and Customer Status. Adds CustomerStatus to the sessionstorage upon opening the browse.	EXE Only	RWW 2018.001.116

CAS-23548-LPVH	Defaults the Office Location, Status, and Billing Cycle when creating a new deal. Also adds this information to the session storage.	EXE Only	RWW 2018.001.116
Home > Exchange			
CAS-23283-HVNB	Exchange module completed, pending more phases and updates to functionality	EXE Only	RWW 2018.001.116
CAS-23460-LMLU	Exchange specs with updated datafields	EXE Only	RWW 2018.001.116
Home > Order			
CAS-23104-QLXQ	Adds option to Order hamburger menu for "Create Snapshot".	EXE Only	RWW 2018.001.115
CAS-23252-QGTY	Updated Quote and Order modules to include Used Sale tab	EXE Only	RWW 2018.001.115
CAS-23380-AQKR	Rearranged menu options for the Order module and added a "Check-In" option	EXE Only	RWW 2018.001.115
CAS-23393-ANKR	Phase one of sub purchase/worksheet module completed	EXE Only	RWW 2018.001.116
CAS-23435-QISR	Completed second phase of sub worksheet module	EXE Only	RWW 2018.001.116
CAS-23511-OTSR	Functionality for select all/none added to po worksheet	EXE Only	RWW 2018.001.118
CAS-23549-SKYL	Defaults the Rate Type and Billing Cycle of Quotes and Orders when accessed as submodules from the Deal form.	EXE Only	RWW 2018.001.116
CAS-23585-ZMBZ	Optimized loading of Quote, Order and Purchase Order Browses	EXE Only	RWW 2018.001.117
Home > Order > Inventory Search (QuikEntry)			
CAS-23054-XNKL	A flag has been added to the Search Interface to determine whether there are any items in the Preview grid. A warning message displays if there are no items.	EXE Only	RWW 2018.001.115
CAS-23055-GFWQ	Search Interface: If there is only one option in a Category/SubCategory, it will be automatically selected.	EXE Only	RWW 2018.001.115
CAS-23084-EEZS	Added Container color to Search Interface and and Items grids	EXE Only	RWW 2018.001.115
CAS-23090-ERDN	Aligned columns in the accessory section with main headers, added headers for 'GRID' view, indented description fields.	EXE Only	RWW 2018.001.115
CAS-23140-NHHJ	Added a light-blue background color for non-zero Quantities in the Search Interface Inventory.	EXE Only	RWW 2018.001.115

Case No	Summary	Fix Type	Build
CAS-23141-ZWGO	Added +/- buttons to increment/decrement values for the Search Interface quantity	EXE Only	RWW 2018.001.115
CAS-23382-NLTK	Added double-click functionality to the Search Interface inventory descriptions to increment the quantity by 1.	EXE Only	RWW 2018.001.115
CAS-23509-RDOP	Fixed the issue with background colors not being applied to accessory quantities.	EXE Only	RWW 2018.001.116
Home > Order Status			
CAS-23534-TKDR	Updated Order Status detail grids with additional columns, cell colors, and logic to hide validation peeks.	EXE Only	RWW 2018.001.116
Home > Parts Inventory			
CAS-23216-TPZD	Based on the Classification being Complete or Kit, exposes the Complete or Kit Tab and grid similar to the way it's done on the Rental Inventory Form for Sales and Parts Inventory	EXE Only	RWW 2018.001.115
Home > Project			
CAS-23139-PSHF	Added Project module. Project form header complete, grids not yet implemented.	EXE Only	RWW 2018.001.115
CAS-23192-YIIK	Contact grid and tab has been added to the Project module	EXE Only	RWW 2018.001.115
CAS-23193-XXDG	Added tab and grid for PO Approvers to the Project module	EXE Only	RWW 2018.001.115
CAS-23194-BSTA	Added a tab and grid for Project Notes	EXE Only	RWW 2018.001.115
CAS-23195-YENF	Added option to "Create Quote" from the hamburger menu in the Project module	EXE Only	RWW 2018.001.115
Home > Purchase Order			
CAS-23247-WYOV	Add new Purchase Order menu item to the AGENT menu. API methods to use: Add "View" filter for statuses of New (NEW), Open (OPEN), Received (RECEIVED), Complete (COMPLETE), Closed (CLOSED), Void (VOID) Add Location filter: Basic Purchase Order Form	EXE Only	RWW 2018.001.116
CAS-23271-CQMT	Implements the Rental Inventory, Sales Inventory, and Parts Inventory grids on the Purchase Order form.	EXE Only	RWW 2018.001.116
CAS-23488-PIDA	Added a "Search" option in the hamburger menu in the Purchase Order form	EXE Only	RWW 2018.001.116
CAS-23495-OCTO	Sub Purchase Order grids added, further work needed on adjustments.	EXE Only	RWW 2018.001.118
Home > Quote			
CAS-23050-ATTI	Adds the "Search" menu option to the Order Item Grid and defaults the radio options for the InventoryType according to which grid it is invoked from.	EXE Only	RWW 2018.001.115
CAS-23058-JOQR	Added copy to quotes/orders	EXE Only	RWW 2018.001.115
CAS-23059-GWCQ	Added fields to quotes and orders	EXE Only	RWW 2018.001.115

Case No	Summary	Fix Type	Build
CAS-23061-UHWT	Military time added to grids when "time" is datatype. Should there be a 12hour option available in the future??	EXE Only	RWW 2018.001.115
CAS-23063-BMLD	Notifies user when supplying invalid Dates and Times for Pick, From, and To. "To" must be >= "From". "From" must be >= "Pick".	EXE Only	RWW 2018.001.115
CAS-23069-MVBO	Columns added and proper functionality	EXE Only	RWW 2018.001.115
CAS-23071-WGCG	Adds "Actions" menu items for "Bold Selected" and "Unbold Selected" in grids	EXE Only	RWW 2018.001.116
CAS-23105-LAML	Opens the Weeks (or dynamic Months) field for editing and adds OnChange handler to detect when the user changes the Weeks field. If a Billing Start date is defined, it auto-updates the Stop date for the user based on the newly-input Weeks value.	EXE Only	RWW 2018.001.115
CAS-23021-CBTK	Event handlers to calculate Extended and Discount Percent values and default them have been added to the Order Item grid	EXE Only	RWW 2018.001.115
CAS-23049-FYAF	The "Subject" line now defaults to the correct value in Print Quote	EXE Only	RWW 2018.001.115
CAS-23060-ODDA	Adjusted combined items grid, added validation for record type	EXE Only	RWW 2018.001.115
CAS-23070-CVXT	Adds "Actions" menu items for "Lock Selected" and "Unlock Selected" in grids	EXE Only	RWW 2018.001.116
CAS-23085-IZZF	Disables Activity section checkboxes when their respective grids have records	EXE Only	RWW 2018.001.115
CAS-23087-BRPO	Hides tabs when opening a Quote/Order form based on checked Activity checkboxes	EXE Only	RWW 2018.001.115
CAS-23088-FBLP	Commented out grids in the afterload and added onClick events to tabs to postpone their loading until the tab is clicked.	EXE Only	RWW 2018.001.116
CAS-23089-OYFE	A hidden field for the rectype has been added to the Order Item grid. The rectype, pick, from and to date values default when adding a new row	EXE Only	RWW 2018.001.115
CAS-23092-MGNI	All DiscountAmount and Extended column values update when changes are made to the grid.	EXE Only	RWW 2018.001.115
CAS-23093-SSBH	Rate Type radio options have been added to the totals sections in the Quote and Order modules.	EXE Only	RWW 2018.001.115
CAS-23099-CHEP	New validation added with proper filtering based on selected row. (Previous iteration of validation filtering may need to be changed as well)	EXE Only	RWW 2018.001.115
CAS-23103-NDPE	Adds option to Quote hamburger menu for "New Version".	EXE Only	RWW 2018.001.115
CAS-23142-VLTD	Added functionality to toggle fields in the Adjustments section based on the selected rate type option.	EXE Only	RWW 2018.001.115
CAS-23492-GRVJ	Applied FwBrowse method to add in a callback when a tr is completed rendering, then checking if the status is cancelled in order to lowlight the field.	EXE Only	RWW 2018.001.118

Home > Receive from Vendor

Case No	Summary	Fix Type	Build
